The diagram illustrates a dependency between two controller methods and a repository method. On the left, there are two white rectangular boxes. The top box contains the text 'AbetApi.Controller.AbetController.AddCourse' and the bottom box contains 'AbetApi.Controller.AbetController.RemoveCourse'. On the right, there is a gray rectangular box containing the text 'AbetApi.Data.IMockAbetRepo.AddCourse'. Two blue arrows originate from the right side of the top white box and the right side of the bottom white box, both pointing towards the left side of the gray box.
